Annual Quality Assurance Report (AQAR)

(Year 2015-2016)

The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

* ***the details in annexure III***

7.4 Contribution to environmental awareness / protection

The campus is eco-friendly and plastic free. Campus has two wells for water harvesting, a lush green ground and full of trees and plantations all around. Students are inspired to keep the campus clean through direct interaction and through meetings and lectures. Lectures on environment awareness and dangers of pollution are organized in collaboration with Forest Department. Environment tours are also organized at Jassore Sloth Bear Sanctuary and Balaram wild life Sanctuary and to the small Runn of kutch and Pakistan Border for making the students aware about the extreme conditions of weather and how our BSF operates in such conditions. .

7.5 Whether environmental audit was conducted? Yes ☐ No ☒

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

The college has a vast potential to grow every year as it is a main college of the district and attracts thousands of students. The faculty is at par with the metro colleges. Infrastructural facility is really good. The only problem the management faces is a regular decline in full time posts of teaching and non-teaching staff as there is no vacancy filled by the government since long. SWOT analysis is given in the AQAR of 2014-15. Nothing has changed so far.

8.Plans of institution for next year

From the routine review of syllabus and time table , the IQAC plans following programmes to be initiated throughout the next year.

- 1) To organize a national level seminars or conferences in the college.

Annexure - III
BEST PRACTICE - I

1. Title : Upon Avon Circle

2. Goal:

- In the times of globalisation, privatisation and liberalisation and decreasing distance between human beings from different corners of the world, an Indian cannot lag behind in connecting himself with the world. The most important power that can establish connection between the Indians and the people of other nationality is nothing but the knowledge and usage of English as a medium of expression. Our students are far behind compared to the other states of the country, as far as the knowledge of English is concerned. The rate of higher education among the students of this area of the state is also very low. Therefore it is necessity to take initiatives to inculcate positive attitude towards English and its literature among the students first of all and thereby bring such students near main stream users of English. The aims of several initiatives undertaken by the College are:
- To create awareness among the students about the need of English in present scenario and make them familiar with the best of English literature and English movies in order to awake them as a modern student.
- To provide an opportunity to students to use English actively.
- To encourage the students towards proficiency of English.

3. Challenges:

- Poor and remote background of the students
- Lack of quality teaching at primary and secondary level of schools.
- To make the students understand and correctly use English.

4. The Practice:

Several initiatives are undertaken to meet the above mentioned goals:

- Observing the interest level of students towards English at the initial stage
- Convincing the students towards the learning of something other than routine syllabus
- Gradually introducing simple to tougher usage of English through listening, reading writing and speaking through songs and movies.

- Introducing tougher usage of English through the activities like Elocution Competition, Essay competition, Poetry recitation, Literature Quiz etc..
- Encouraging them to write and express themselves in poems, letters and small stories.
- Positively pressurising the students to increase their usage of English among friends as well as with the teachers.
- Provide them the exposure to modern English through international sports, films, drama, etc.

5. Evidence of Success:

- Some raw students at initial level showed reasonable proficiency in English.
- Students are benefitted in their efforts of cracking competitive exams of all kinds.
- Some showed interest in creative writing specially in poetry.

6. Problems Encountered and Resources Required:

- No financial problems were encountered in undertaking measures to establish this new way of learning English.

BEST PRACTICE - II

1. Title : Project Nirmaan.

2. Goal:

- Banaskantha is a very drought prone area and devoid of employment and opportunity of labour at local level. There are so many slums in the city where children are devoid of their basic right of education. It is really a pitiful condition. To cope up with this, a team of brilliant students from all the departments of college is made and distributed them a particular slum area to visit and calculate such children. The team is then allotted particular area to visit every Sunday and impart basic education through entertainment. Thus providing them with a bit of basic education and make them proficient in learning and convince their parents to send them in nearby govt. Schools.

3. Challenges:

- Poor background of the children in slum area.
- To convince the parents of such children for sending them to a particular place.
- Regularly visit the slums and sacrifice the holiday.
- To provide basic kits like paper and pen/pencil and other literature.
- To manage this activity without proper financial input.

4. The Practice:

- Observing the interest level of children, the focus was given to gather more of them in a while.

- Convincing the students to come regularly.
- To provide them a chocolate at every visit to keep them coming.
- Basic knowledge of alphabets through pictures is given.
- More focus is kept on storytelling and jokes to keep their interest alive.
- Regular interaction with their parents.
- Encouraging them to speak more about themselves and thus make them more confident.
- To provide them with used books, clothes etc. collected from various sources.

5. Evidence of Success:

- Some children who were hesitant to come earlier are coming regularly.
- Children are waiting for the Nirmaan team on every Sunday.
- Some parents have promised to send their wards in schools.
- Some students are great learners and learn very fast what is taught to them.

6. Problems Encountered and Resources Required:

- Finance is a major constraint as every week something has to be brought to them.
- The students found it difficult to collect used things on regular basis.
- Regularity of the students who visit the slums is difficult to maintain.
- Without infrastructure and resources the practise is continued under the shade of trees.
